Hello Friends 🙏

As you all know, according to the rules of the NCLT court, financial creditors were given 90 days to file their claims. In this regard, 7th December 2022, was the last date for filing the claim. But it has been observed that many financial creditors' claims are yet to be filed. Therefore, we have examined the matter in the light of existing law and practice of court. Henceforth the financial creditors will have to file their pending claims immediately as soon as possible by accessing the claim portal Please note that only claims filed with valid reason may be considered by the Resolution professional. In respect of these pending claims RP may be required to submit a joint application before the Hon'ble NCLT Court to seek their approval for verification and acceptance. It should be noted that the said claim(s) will be accepted only if the court approves it.

To make it convenient for you to file your pending claim, along with this form we are providing a sample application form containing probable and possible reasons. Select reasons applicable to you complete the application duly

signed. Please upload the application along with claim form and, proof of claim as stipulated in the other documents column on the claim portal.

Pl submit the claim electronically only by accessing claim portal only.

This is to guide investors only.
